

King Cobra 1200 PRO - Dual-Surface Cleaner - *Clean Multiple Surfaces with ONE Machine - Saving Time and Equipment Cost*

The new King Cobra 1200 PRO is the latest in innovation and cleaning power in the King Cobra Series line of portable extractors. This new dual surface extractor has two separate systems and does the job of two separate machines in one convenient portable package, saving you valuable space and enhancing your cleaning capability at your next job site.

A powerful 1200 psi pump pressure washes tile and grout and a strong 7.2" 3-stage vacuum immediately vacuums up the loosened soil and excess water, leaving floors clean and dry and ready to use with minimal downtime.

As a carpet extractor, a key new feature of this unique machine is the adjustable 150-500 psi pump for carpet and upholstery cleaning. With 500 psi and instant 212°F water at the wand tip, this portable carpet extractor delivers superior cleaning power, in a compact, easy to use portable extractor.

With performance that rivals a truck mount, unmatched quality, and features that can only be found in U.S. Products Cleaning equipment, the King Cobra 1200 PRO will boost cleaning efficiency, performance and versatility.

Features & Benefits:

Hose Reel:	Patent pending, built-in 25' vacuum and solution hose reel for easy hose management.	
Heater Element:	In-line, after the pump for longer life and instant heat to 212°F, lifetime warranty.	
7.2", 3-Stage Vacuum	Delivers superior water extraction power.	
Auto Fill	Saves time by eliminating the need to stop cleaning and fill the solution tank	
Auto Dump	Saves time by eliminating the need to stop cleaning and empty the recovery tank	
Smart Circuit Locator:	Automatically locates separate lines to eliminate blown circuits.	
Low Solution Fill:	Solution fill area located low for easy bucket fill with less back stress.	
Low Moisture System:	Less water (combined with higher heat) means faster drying, less chance of shrinkage, and less wicking from the pad. (.8 gpm for carpet cleaning only, 1200 psi hard surface cleaning is 2.2 gpm)	

Tanks & Bodies:	Lightweight, rotationally molded with a lifetime warranty against cracks, leaks and dents.
Cord Wrap:	Accommodates up to 50 feet of 12/3 electrical cord.
Dual-Surface:	Hard surface cleaning machine at 1200 psi, or heated carpet extractor with adjustable 150-500 psi and instant 212° F heat at wand tip.
Power Prime System:	Foot operated valve for easy priming.
Wand Caddy	Simplifies transport from room to room.
